STATION FORMAT

Commercial radio broadcasters in the UK have obligations with regard to their programmes, including music and speech content. Although 2XS Radio is not controlled by UK broadcast regulator, Ofcom, we believe that we still have an obligation to inform you of what we do by publicising our Station Format in the same way that Ofcom-licensed stations are required to do. This is called the station's 'Public File'. Our website is: 2xsradio.com.
